Re: Approval of Hanford Site Portable and Temporary Non-Road Engines Notice

References: Letter from K.A. Klein, DOE-RL, to D. Hendrickson, Ecology, "Hanford Site Non-Road Engine Sources," dated May 1, 2006

Dear Mr. Klein and Mr. Schepens:

This letter responds to your notification under Chapter 173-400 Washington Administrative Code (WAC), of portable and temporary non-road engine sources upon the Hanford Site. The reported sources encompass four classes of such non-road engines including estimates of:

- 278 handheld portable internal combustion sources.
- 330 self-propelled sources.
- 731 non-handheld and non-self propelled sources.
- 226 portable and self-propelled sources.

The information you provided in your notification and demonstrated for assessment of completeness is sufficient to comply with the information needs of WAC 173-400-035(1). These portable and temporary source operations are approved for a period of one year beginning May 1, 2006. Your notice will require supplement if your inventory or estimate of portable and self-propelled non-road engines (heavy construction equipment, fourth class, above) exceeds 110% of your reported estimate. The subject operations must be available for Ecology's inspection upon request.

Mr. Keith A. Klein and Mr. Roy J. Schepens
